## New Contact Details for Cable Services

In order to locate the whole division under one roof, Cable Services Sales & Marketing and Service Delivery functions are to move to the Boreham site.

As a result of this move, we need to issue new telephone numbers, fax numbers, and addresses, as outlined opposite.

The changes are scheduled for 10<sup>th</sup> April 2000, and the numbers will apply from that date. Existing numbers will be operational, in tandem with the new ones for a short period.

All other Cable Services numbers are unaffected, and all email addresses remain the same.
