

ASN S280 Kits

ASN S280 End Specific kits are now KIT09002 compatible. To achieve compatibility, the Insulated Clamp Link has been changed to BA124D01 and the Package Clamp Link Section changed to BA125D01. The new KIT09002 compatible end specific kits are as follows:

KIT11532 replaces KIT11531

KIT12511 replaces KIT12510

KIT12521 replaces KIT12520

KIT12531 replaces KIT12530

KIT12541 replaces KIT12540

If you wish to upgrade an existing S280 kit to KIT09002 compatibility, you will need to purchase an upgrade kit (KIT235AA), containing an Insulated Clamp Link (BA124D01) and a Package Clamp Link section (BA125D01). UJCM032 has already been updated.

NSW Minisub 16C Kits

NSW Minisub 16C End Specific kits are now KIT09002 compatible. To achieve compatibility, the Fibre Block has been changed to AB101D01. The new KIT09002 compatible end specific kits are as follows:

KIT11611 replaces KIT11610

KIT12611 replaces KIT12610

KIT12621 replaces KIT12620

If you wish to upgrade an existing NSW Minisub 16C kit, you will need to purchase an upgrade kit (KIT236AA), containing a Fibre Block (AB101D01).

UJCM052 will be published in the December Explorer CD ROM. If you require an updated issue of UJCM052 before publication, please contact Keith Spicer.
