UJ C-SAMS & C-SAMS-e MOLDING SYSTEM LAPTOP – MS WINDOWS OPERATING SYSTEM

Please note from 30 June 2019 the UJC will no longer be supporting laptops or computers operating on Windows software, except those using Microsoft Windows 10.

Prior to this date, it is recommended that existing laptops are updated or replaced with laptops loaded with MS Windows 10 and in addition, that all service packs and Operating System updates are installed on a regular basis.

It is essential that, after a software or hardware update, the system is verified by completing a trial molding prior to conducting operational moldings.

If you have any queries concerning these changes, please contact the UJ Consortium Co-ordinator.
